What is the word that crosses your mind after seeing [Jennifer Winget](#) [3] for the first time? We bet it is, "wow". Yes, she is beautiful, gracious and courteous. And on top of that, she is a superb human being (we have been best of friends for the last ten years now). She made her way into the hearts of millions, thanks to her impressive performance in *Dill Mill Gayye* (Star One).

It is obvious that she is career-oriented and wants to make it big in the world of entertainment, but that doesn't mean that she is a girl who doesn't think of getting married. Yes, you guys read it right. Marriage is very much on the cards for the lovely lady.

"I would definitely love to get married. But he should be an Indian not some NRI. I don't want to stay away from my parents," she shared with [Tellychakkar.com](#). [4]

(I would love to include a little personal note. Jennifer is a family-oriented girl. She is very homely, nice to talk to and a wonderful girl.)

Furthermore, while talking about award functions, she opined that it is now all scripted and look like "films."

"Real award is the appreciation and love of the fans," she added.

Hmm...it's all about the fans at the end of the day. So marriage is certainly on the cards for Jennifer, and it is sure that she will make a perfect bride!!!
